2. Lab Grade phenolic resin or equal with integral sinks. Refer to Space Standards.
3. Color should be black or green.

### PART 4 – FURNITURE

Ivy Tech furniture standards prioritize quality, durability, and value while intentionally supporting Indiana manufacturing. We seek furniture solutions that meet rigorous performance and safety requirements and are designed for long-term use in high-traffic educational and office environments. By partnering with Indiana-based manufacturers, Ivy Tech strengthens the local economy, promotes workforce development, and reinforces our commitment to investing in the communities we serve.
