

**APPROVAL OF CONTRACT WITH COLLABORATIVE SOLUTIONS  
SYSTEMS OFFICE**

**RESOLUTION NUMBER 2023-24**

**WHEREAS**, the College is nearing completion of the Finance and Human Resources related implementation of Workday with the “Go Live” for these aspects of Workday set to occur in late June and early July of this year; and

**WHEREAS**, the College will require some continuing support services from its implementation partner, Collaborative Solutions, for a period after “Go Live” to help drive stabilization and optimization across all to date deployed Workday functionality; and

**WHEREAS**, Collaborative Solutions has provided a proposal to the College to provide the necessary continuing support services for the next three (3) years through its Workday Continuous Value Services (CVS) Practice, and

**WHEREAS**, the proposal also sets out a “rate card” for services, in which initial rates are equal to the 2021 rates that were established in the College’s prior agreement with Collaborative Solutions for implementation services, and annual rate increases are made from the baseline set by that same 2021 rate card, and

**WHEREAS**, the College anticipates fewer hours of support needed and subsequently lesser amounts to be paid year over year, which is reflected in Collaborative Solutions’ proposal for services; and

**WHEREAS**, the anticipated contract amount for the three (3) year contract term is \$1,205,245 based on expected consulting hours and other resources set out in the proposal, with variations in necessary hours determining the ultimate contract amount, and

**WHEREAS**, that the State Board of Trustees must approve any contract imposing a financial obligation on the part of the College exceeding \$500,000 unless the obligation was previously approved by the Board through the allocation of funds.

**NOW THEREFORE BE IT RESOLVED**, that the State Board of Trustees do hereby authorize and direct the President, or any other officer of the College designated by the President, to execute the proposed three-year agreement with Collaborative Solutions to provide Continuous Value Services (CVS) after the agreement has been approved by the College Counsel.
