Ivy Tech Community College, Fort Wayne, Indiana

NORTHEAST INDIANA

TECHFEST

2024

Presented by the Northeast Indiana Tech Coalition (NEITC)

WHAT IS TECHFEST?

TechFest is a one-day celebration of STEM designed to help high school students, get a taste of the technical world around us. The Northeast Indiana Tech Coalition (NEITC), partners with local businesses and schools like Franklin Electric, Ultra, Raytheon, 80/20 LLC, Resultant, City of Fort Wayne, Allen County, Fort Wayne Metals, Lutheran Health Network, Indiana Tech, Ivy Tech, and many others to host this event. The event revolves around several STEM based competitions.

2024 Cup Events

- Engineering in a Box – 80/20 LLC • Think or Sink – Ultra
- Programing – City of Fort Wayne
- Mathematical Madness – Raytheon
- Cyber Security Awareness – Franklin Electric
- Mysteries of Science – Fort Wayne Metals
- Cyber Hunt – Indiana Tech
- IT Support Challenge – Ivy Tech

What is STEM? STEM is a collection of Science, Technology, Engineering, and Mathbased curricula combined to help students prepare for a career in a related field (or sometimes just for fun).

TechFest awards are broken into two categories: CUP Events and MAP (Most Active Participants) Events. CUP Events are the 8 main competitive events listed above requiring a team of up to 32 students divided into groups of four to compete. Resulting in the winning school taking home the TechFest cup for the school year. There are 4 additional events, MAP Events, focused on the participation of the student in the College and Career Expo, Breakout Sessions, school attendance and participation in the CUP Events.

TechFest is a sponsored event **FREE** to the students and takes place during regular school hours. Is your company/school involved? Don't know? Ask us, check here for details. <http://www.neitechfest.com/>
